

Directions

- Dinanath Kholkar
- Dec 29, 2017

Context

Emergence of Industry 4.0, Skill Gap, Unemployment
India story going strong
Digital India & Start up India
Rate of change & disruptive innovation
Food, water and energy becoming scarce resources
Pollution reaching alarming levels

Leading the Smart City initiative
Well established IT & Manufacturing hub
Large number of NGOs & Social Enterprises
Fast emerging as a Centre of Excellence for
Technical Education

VISION

IEEE will be essential to the global technical community and to technical professionals everywhere, and be universally recognized for the contributions of technology and of technical professionals in improving global conditions.

MISSION

IEEE's core purpose is to foster technological innovation and excellence for the benefit of humanity.

Overall Direction

- Alignment of Pune context with IEEE vision and mission
- Continuity from the past and sustainability in the future
- Student community to remain as a big focus area
- Enhance industry participation
- Create special initiatives to drive key themes
- Three years horizon view and 4 quarter execution view

If you want to go fast, go alone. If you want to go far, go together. ... An African proverb
