

IEEE and TCS: An Academia-Industry Collaboration

A Tour of TCS Sahyadri Park Facility

Right from its inception, Tata Consultancy Services (TCS) has been contributing towards driving academic excellence with enhanced technical capabilities. In this regard, TCS' long standing partnership with IEEE supports several initiatives that benefits members across the world belonging to varied industries and academic communities.

As part of this collaboration, TCS is pleased to organize a one-day tour of the **TCS Sahyadri Park** facility for esteemed leadership and faculty members of various engineering colleges in Pune.

In course of this tour, we will:

- Showcase TCS' comprehensive business expertise and technology capabilities
- Provide exposure to innovation in emerging fields such as Internet of Things (IoT), Artificial Intelligence (AI), Robotics, Machine Learning, Big Data, and Analytics
- Demonstrate technologies in action to address problems and needs in different business domains
- Provide an opportunity to interact with some of the thought leaders and technical innovators within TCS
- Serve as a forum for tapping into potential areas of collaboration between TCS and engineering colleges
- Explore possibilities of joint CSR projects
