SS12 is a Coding and Making Challenge jointly organized by Madras IEEE Education Society, Project Possibility and REAL Breakthrough to realize the Practice Based Education. It is hosted in partnership with IEEE sections, Universities and leading technology industry companies. The challenge is conducted to recognize the best social innovation application on the theme given. The winning teams will be called for the **final round at Vardhaman College of Engineering, Hyderabad, India on September 8th and 9th, 2017.**

Theme

'EDUCATION THROUGH INNOVATION: INNOVATE, DEMONSTRATE AND EDUCATE,'

Category The projects can be **Mobile Apps or Computer Based or IoT based** pertaining to the following:

- Agriculture and environment
- Healthcare
- Assistive systems for people with disabilities
- Games and entertainment
- Clean water and energy
- Disaster management
- Women safety
- Others
