

Date : April, 15, 2018

Time : 5 to 7 pm

Venue : Dina's residence

Participants

1. Dinanath Kholkar
2. Dr Yogesh Dandawate
3. Prof Sachin Shelar
4. HP Yadav
5. Brij Kathuria
6. Kamlesh Randad
7. Jagdish Chaudhari

Points discussed

- Enrolment of professional members
- Need to address WIIFM
 - 2 industry visits to TCS per year for members
 - Enable student score card on professors
 - Have a full time person to manage all this
- Internship – no paid ones, for 8 weeks , certificates co-branded by academia and industry
- Understand how the faculty get assessed by their seniors and provide enablement to improve their KPIs. Take a top down
- Create a culture of leveraging the alumni. IEEE can contribute in this space
- Provide opportunities for industry connect on sustained basis. TRDDC can play a crucial role in this space
- Organize training programs in industry for faculty
- Explore industry academia certification using iON
- There is a need to focus on local events and activities
- Understand Accreditation process - Can weightage be given to professional memberships/activities
- Design thinking 8 weeks project with office bearers and influencer students - To enhance memberships , about 10 to 20 CTO organizations published problems to be solved + 3 projects drive membership , co-branded certificates , Brij to focus on tech and scalability, digital interactive to support
- Check whether students can also get internship/project opportunities in small scale?

Action items

Sr	Action item	Owner	Planned closure date	Actual closure date
1	Share typical key performance indicators used by institute leadership for assessing the faculty member's performance	Yogesh/Sachin	30/4/2018	
2	Arrange 2 academia visits to TCS in a year	Jagdish	Ongoing
